

## Dr Geoff Isbister receives several significant awards

**December 2013**

Dr Geoff Isbister has received several significant awards recently, including:

- The Australasian Society of Clinical and Experimental Pharmacologists and Toxicologists (ASCEPT) Achievement Award, which is presented to a member of ASCEPT who has made substantial scientific or service contributions to Australasian Pharmacology, Clinical Pharmacology, Toxicology or Clinical Toxicology over a sustained period.
- Named a *Senior Research Fellow* of the National Health and Medical Research Council (NHMRC), which aims to recruit and support Australia's very best medical and health research talent in full-time research.
- 'Vice-Chancellor's Award for Research Excellence', presented to the most outstanding applicant for research excellence in outstanding early career and mid-career researchers.
- 'Research Staff Excellence' Award from the University of Newcastle Faculty of Health and Medicine (School of Medicine and Public Health).

Congratulations!
